

Electronic Requisitioning Project

Regional Update

January 2018

E-Req Goes Live at PSFDH!

In order to achieve efficiencies in the requisitioning and purchasing process, our region is implementing a supply chain electronic requisitioning (E-Req) tool.

E-Req allows Requisitioners and Approvers the ability to submit, approve and monitor purchase requisitions online.

We are very excited to announce that E-Req went live at Perth Smiths Falls District Hospital (PSFDH) in December.

The E-Req Project Team was on site at PSFDH for two weeks to provide training and general support to the new users of the E-Req tool.

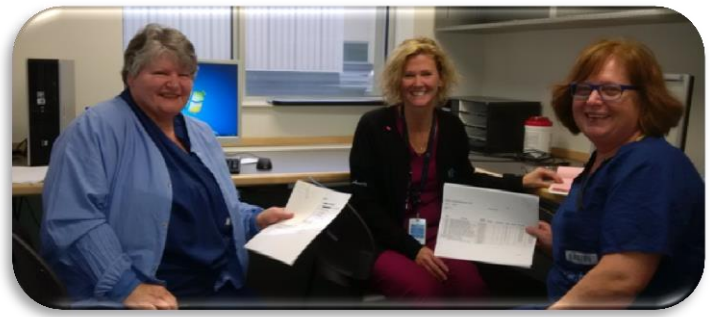

A total of 31 Users and 1 Buyer were trained at PSFDH.

Satisfied E-Req Users from the OR at PSFDH!

Below: Bonnie Mandeville, Ann Warwick, and Wendy McPhee

PSFDH is the third hospital to go live with this regional initiative. The E-Req tool will be rolled out to one new site each month:
