Electronic Requisitioning Project

Regional Update

February 2018

E-Req Goes Live at BGH!

In order to achieve efficiencies in the requisitioning and purchasing process, our region is implementing a supply chain electronic requisitioning (E-Req) tool.

E-Req allows Requisitioners and Approvers the ability to submit, approve and monitor purchase requisitions online.

We are very excited to announce that onboarding of 4 of the 6 hospitals in the region is now complete, with the most recent E-Req go-live at Brockville General Hospital (BGH) in January.

L to R: Ilona Sly, Ann van Herpt (3SO), Helen Ulickij, Betty Murray and Evelyn Graham

The E-Req Project Team was on site at BGH for two weeks to provide training and general support to the new Users of the E-Req tool.

A total of 59 Users and 2 Buyers were trained at BGH.

Newly trained E-Req Users from the OR at BGH!

Clockwise: Michele Myatt, Dana Andress, James Verstegen, David Tadeu (3SO) and Terri Jenkinson

Roll out of the E-Req tool continues this month at QHC and KHSC is scheduled to go live in April.
